EXAMINER'S AMENDMENT

An examiner's amendment to the record appears below. Should the changes and/or additions be unacceptable to applicant, an amendment may be filed as provided by 37 CFR 1.312. To ensure consideration of such an amendment, it MUST be submitted no later than the payment of the issue fee.

Authorization for this examiner's amendment was given in a telephone interview with Dave Ruddy on January 20, 2006.

The application has been amended as follows:

in claim 36, in line 8, "outside" has been changed to - - beyond- -, and at the end of line 8 and after "conduit" the following has been inserted - - , the barrier including a channel housing the optical fiber- -;

in claim 44, in line 9, "outside" has been changed to - - beyond- -, and in line 10 and after "conduit" the following has been inserted - - , the barrier housing a portion of the energy transmitting conduit - -.

The following is an examiner's statement of reasons for allowance:

the above amendment was required to patently distinguish the claims over Leckrone (5,026,366) because the barrier(s) 22 and 23 (Figures 2-3) are not located "beyond" the distal end of the suction conduit, etc.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably
